

## Setting up your Meetup.com account

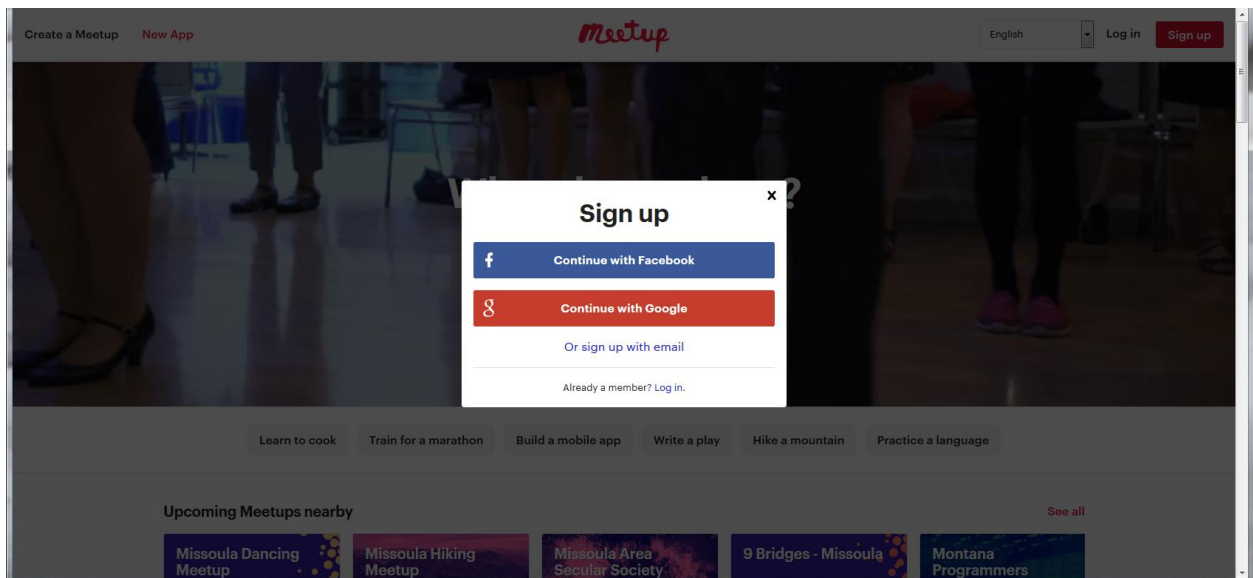

First of all, you can view Missoula Area Secular Society events without creating an account by looking through the list of groups in Missoula on Meetup.com for “Missoula Area Secular Society Official Events” or “Missoula Area Secular Society Member Organized Events”. Apparently there is no way to search directly for these unless you are signed in with an account.

If you do wish to create an account, here is how you go about doing this.

Go to the main Meetup.com page and click the “sign up” button in the upper right corner.

This will show you a pop up with different options for signing up.

Choose the one you would like.

Or, alternatively, you can go to the M.A.S.S. event page of your choosing (either “Official” or “Member Organized”, preferably you will join both so you can keep up to date with all events). Here you can click the “Join Us” button and get the same pop up as above to initiate creating an account with Meetup.com.
