

March and April Newsletter

What We Are Learning in Pre-K 123

Reading - We will be listening to and reading texts relating transportation, animals, plants, insects, and more. We will continue to review text components and responding to critical thinking questions.

Writing - Students will continue to strengthen pre-literacy and writing skills through environmental print and classroom created stories.

Science - We will explore cause and effect through the change of season. We will also be learning about the life cycle (animals, plants, etc.).

Math - We will be learning more about maps (how to read and create them), and reviewing mathematical skills (counting, sorting, creating patterns, etc.).

Social Studies - We will continue to learn about our community and all its components.

Reminders/ Announcements

- **Please wash rest sheets or blankets every weekend. Bring back on Monday.**

Dates to Remember

No School

March 7 - No Pre-k attendance day
