

FISCAL SPONSOR PARTNERSHIP

Mobilizing Your International Donor Community

Give2Asia's Fiscal Sponsorship Partnerships offer Asia-based charitable and educational organizations a convenient and cost-effective way to accept tax-deductible contributions from supporters in the United States. G2A takes care of the day-to-day administration, accounting, and legal and reporting requirements, making it simpler for you to connect to US-based donors with charitable projects in Asia.

Donors make U.S. tax-deductible gifts to your Fund at Give2Asia.

Give2Asia takes care of all the back-office administration and requirements of managing and giving support overseas.

You request distributions from your Fund.

What is Fiscal Sponsorship?

A Fiscal Sponsorship Fund is an alternative to establishing and maintaining a United States nonprofit entity, relieving Asia-based organizations of many administrative, accounting, and reporting requirements, as well as legal fees and other costs.

Cost Effective

Rather than establishing a U.S. nonprofit, organizations can offer donors a U.S. tax deduction for their gift while Give2Asia handles all back-office administration.

Secure

Offer your U.S. donors a secure giving platform operated by a reputable partner that specializes in handling donations bound for Asia.

How do we help Asia-based groups?

Fiscal sponsorship allows charitable organizations to focus time and resources on fundraising rather than gift administration. For many organizations, maintaining a U.S. nonprofit is not cost-effective despite the opportunities with their US supporters.

Flexible

Donors can choose to give online or offline, and have the flexibility to give by check, credit card, securities, or wire transfers. Supporters will receive a tax receipt after their contribution.

Easy to Start

You can start your fiscal sponsorship today with only a one-time start-up fee and no annual balance requirements.

Pricing

A one-time US\$1,000 set-up fee is charged as part of the application for a Fiscal Sponsorship Fund. Fees are assessed on contributions as they are received. Additionally, credit card companies assess a fee of approximately 2.5 percent per transaction for donations made online.

Donation Amount	Percentage Fee
First \$100,000	7.0%
Next \$400,000	3.0%
Amounts over \$500,000	1.0%
