## Finding Your Spiritual Leadership Flow Using the Enneagram

Navigating & Integrating Nine Leader Pathways

Which *three* of these nine descriptors capture your core pastoral leadership pathway and style? Which *one* of these comes closest to your heart of hearts, true-blue calling, God-given, sustained top strength? What needs to be cultivated “in and on the whole” on your quest for wholesome, healthy leadership? How do you surround yourself and work with other leadership flows in your church teams?

*Join others in the Mid-America Pastoral Family on this quest. Learn from each other and from within. Secure your assessment and place at the table NOW!*

*The Event Catalyst is Frank Broyles, a Community Pastor and Chaplain. Building on three decades of offering leader development Frank serves as an Enneagram Pastoral Coach. He offers in this event a model and set of practices for healthy spiritual leader growth. **You will be valued and equipped!***
