

Alignment of PE Curriculum Jerry Bergsma – Calvin College

The conscious alliance of curriculum, instruction, and assessment across physical education programs within a specified school association or district.

What is it?

Why is it important?

Workshop Questions:

Alignment of Curriculum

1. Do you have a curriculum director for your school, association, district, state?
2. Do you follow a prescribed curriculum?

Alignment of Standards

1. Do you adhere to/follow National or State Standards?
2. Do you use any other classification systems?

Alignment of Assessment

1. Do you use standardized assessments?
2. What formative and summative assessment tools do you use?
3. Are your assessments tied directly to your student learning outcomes/standards?

Alignment of Instruction

1. How is your instruction connected to student learning?
2. What principles/criteria do you use to design student learning experiences?
3. Are the learning experiences measurable through assessment?

Lesson Plan “Template”

Summary

1. What steps would you like to see taken to begin/extend this discussion in your school district/system?
