Students in the Conrad Challenge create innovative solutions to real-world challenges while preparing for success in a global workplace. The Challenge encourages creativity, critical thinking and entrepreneurial collaboration among teams around the globe.

Each year, we invite individuals to serve as online Judges through industry, government, research and academia to develop future innovators, entrepreneurs and leaders. Our Judges’ feedback drives our students to create commercially-viable products that make a lasting difference in the world!

WHY JOIN US AS A JUDGE?

EDUCATIONAL ADVANCEMENT
Equip students with the knowledge, confidence, social skills and tools they need to lead change and improve our world. Express your knowledge and sense of mission as a mentor to high potential student teams.

GLOBAL PROBLEM-SOLVING
Inspire students from across the globe to think bigger. The Conrad Challenge creates out-of-the-box solutions about what is possible in our communities and on our planet.

STEM WORKFORCE DEVELOPMENT & RECRUITMENT PIPELINE
Complex, dynamic industries need capable leaders building on demonstrated skills and experience. The Conrad Challenge serves as a crucible for future leaders and a recruitment pipeline for companies seeking bright, young professionals that are eager to pursue internships and entry-level positions.

As you graciously provide your expertise and care to mentor our students, it is important to us that you have a pleasant and fulfilling judging experience. Judges review, score and provide feedback on 3-5 student Business Plans, requiring up to 2 hours for each assigned plan. Our user-friendly, online portal allows Judges to save work-in-progress as during the judging period, giving you time to consider and affirm scores and feedback. Judges find their experience with our amazing student teams both inspiring and edifying.

Visit our site today to join our esteemed network of leaders and experts who help develop tomorrow’s entrepreneurs www.conradchallenge.org/judges
