

INTERNATIONAL TRX TRTL-30X6

High security burglary and fire resistive safe made of a patented composite material that offers the industry's best and most formidable defensive barrier in its class

- **Body**

5" thick body made of proprietary barrier alloy is designed to withstand the most sophisticated attacks by tools, torches, or explosives

- **Door**

Massive 8¾" door is made with the same high-strength alloy used to protect the body

- **Glass Relocker**

A large tempered glass plate protects vital areas of the locking mechanism, and if attacked, the relocker activates, preventing the safe from being opened

- **Boltwork**

Massive 1½" chrome plated bolts are driven through reinforced chambers using a unique two-way boltwork mechanism

- **Locks**

U.L. listed manipulation resistant high strength Group 1 combination lock with spy proof dial is standard. A separate high security auxiliary key lock is also included
