

Hi! I'm Tyler Horst and I'm the director of engagement and volunteer management for the Student Alumni Association. On behalf of myself and the rest of the executive team, I want to thank you all for your ongoing support and dedication to the Student Alumni Association this past year. This year, we have achieved unprecedented results in terms of membership and involvement within the SAA community. In my cornerstone of spirit and traditions, I'm proud to say that we have done some really great things on campus as well as the rest of Lane county to create a positive image for the student body here at this university. We will continue to foster an environment that encourages students to embrace spirit and rejuvenate and uphold traditions at the university. Some of the successes and achievements we have had this year within my cornerstone are:

- **Succeeded in giving out all our shirts at our beat-t handouts we hold the week of every home football game**
- **Planned and coordinated a football appreciation event where we gave away Rose Bowl shirts to SAA members and had them write notes on a board which thanked and congratulated players on their success this year and was later given to the team as a gift.**
- **Fostered a partnership with Pit Crew and helped them with a basketball tournament they host for students every year called The Matthew Knight Classic.**

We have also engaged 60 volunteers in over 270 hours of volunteer work, including:

- **Moshofsky Center set-ups that we do the day before every home football game**
- **Helped out with some great causes such as Food for Lane County by setting up a canned food drive for students to donate to and The Lane Blood Center in which we recruited volunteers to help table and persuade students to donate in the Civil War Blood Drive**
- **Recruited volunteers for Oregon Made Possible, an event put on by the philanthropy team to allow students to give back and thank our donors for everything they have done for the University of Oregon**

As you can see, we have made major strides this year and we are very excited for what's more to come. You guys are the driving force behind everything we do and I want to thank you again for your remarkable support and dedication each and every year.
