**To Whom It May Concern:**

I would highly recommend Tyler Horst as a candidate for a position in the Communications and Media industry.

Tyler worked for TrackTown USA as one of four unpaid social media interns between March and June of 2015. Throughout the internship, he consistently displayed a solid work ethic, a willingness to try new things and was available when called upon despite conflicts in his busy academic calendar.

Tyler was particularly valuable during the most hectic time of the year – from late May to the end of June – when we had a significant presence at the OSAA state high school championships, the Prefontaine Classic, the NCAA Championships and USATF Outdoor Championships at Hayward Field.

At the Pre Classic, he was part of our “Flash Quote” crew, responsible for recording immediate reaction from event winners and then making those quotes available for distribution to the media covering the meet. Given the international flavor of the event, with athletes from all over the world speaking multiple languages, this was a daunting task. Tyler never lost his composure, maintained a sense of professionalism throughout the meet, and we received very positive feedback for our efforts from the Pre Classic press chief.

Tyler is easy to get along with, works independently, functions well in a group setting and welcomes constructive criticism. It is my pleasure to recommend him without reservation. If you have any further questions with regard to Tyler’s qualifications, please do not hesitate to contact me.

Best regards,  
Curtis Anderson
