The Lexington Cemetery is the final resting place of many of the Todds and other prominent Lexington families. Known for its park-like setting, it is also a national arboretum. Drive less than 1 mile, heading west on Main Street. The right lane becomes a right-hand turn only in to the cemetery. To locate the Todd family plot, follow the yellow line 1/2 mile and look for the sign on the left. This line is the main road and also useful if you get lost while exploring.
