

RED-X

Loose Hard Drive Erasure Appliance

Ideal for data center warranty drives, loose drives, or entire storage arrays

Customizable drive bays to handle loose drives of any protocol

Features:

- External connections allow direct-attach erasure of entire arrays of drives without removal (EMC's Clariion, VMAX, or DMX, HP EVA and MSA, IBM DS4000, DS5000, IBM ESS800 and DS8000, etc.)
- Adjustable bad sector tolerance, and visual user-review of any data remnants
- NIST Clear & Purge, and DoD compliant
- Bench-top or rackmount operation
- Configurable to any balance of drive type
- Erasure logs stored locally - robust onboard report generation

Portable Data Erasure Solutions from DestructData, Inc.

PEEK

Turn-key, ultra-high volume hard drive erasure appliance

Portable, customizable, integrated, industrial-level solution erases disk arrays, or entire frames

CYPHER

Mid-to-High-Volume Erasure Appliance
