

## Judging Information

**EVENT NAME:** 3rd Annual Energy Technology Open Competition

**EVENT DATE:** February 6th, 2017

**LOCATION:** Texas Union Building, Etter-Harbin Alumni Center

**TEAM DESCRIPTION:** Early-stage ventures in 4 categories: O&G, software, resource efficiency, & cleantech

---

### DESCRIPTION

The 3<sup>rd</sup> Annual Energy Technology Open gives Texas entrepreneurs the chance to showcase their innovative new technologies in front of a distinguished panel composed of subject-matter experts from Texas industry and the state's investment community.

This year, the startup competition team has worked hard to ensure that this competition is well-integrated into Texas' energy innovation community. Panels will be composed of judges from all parts of the state, and from all interested parties.
