VOTE “NO” ON AUGUST 13, 2024

The League of Women Voters encourages voting NO on both constitutional amendments on the August 13 ballot

Keep the balance of power between the legislature and the Governor. These changes to the constitution would:

- Take away the Governor’s power to decide how to spend federal money
- Allow only the state legislature the right to decide how to spend federal money

**Emergencies require fast action.**

- Legislative action takes more time than it takes for the Governor to act.
- During the pandemic, the Governor was able to decide how to use federal funds for COVID relief and quickly gave us needed supplies and services.
- If these changes pass then the state legislature must meet and vote to decide how to spend any federal money.

**Federal money funds our schools, parks, health care and more.**

- Over $1 billion is available to Wisconsin for infrastructure (roads, transportation and broadband) and it must be allocated this year.
- The legislature adjourned in March, 2024 and is not planning to meet again this year.

If a majority of those voting approve these amendments our state constitution will be immediately changed.
