

ALABAMA-HONDURAS MEDICAL EDUCATIONAL NETWORK

“ASI” INITIATIVE

MAY REPORT

2016

By: Byron Morales

ASI Initiative Coordinator

HONDURAS

INTRODUCTION

May has been a short month for our activities in Honduras since May the 10th. I traveled to SIFAT for an international workshop and UAB students coming. Returning June 1st. we'll retake the activities on field. Basically we continue in preparation of the next workshop in Jutiapa and Rio Team visit. Also

1. EDUCATIONAL KITS

In partnership with Scripture Union we have received 16 kits to train teachers from Elementary Schools and provide them the didactical materials to work with their students. Initially the Kits will be used in Yorito and we are designing a training journey with teachers from the area.

Teatro del lector

Poemas y canciones infantiles

2. JUTIAPA

We have been planning and coordinating the organization and logistic for the Second Workshop – Advanced Level with Carmen the Municipality Coordinator who has returned to her responsibilities. Also the Municipality has assigned a second support, Sabi, who has been actively involved with us.

Dates for this workshop have been dated for June 3-5 and we expect a attendance of 45 Community Agents. The Health Center will support one of the subjects about Tropical Illnesses, blood test, and focusing with special attention to SIKA.

ASI will facilitate the subject on Project Development.

3. CUSUNA & MUSQUITIA

Preparing the Rio Team visit that has been set June 19 with the Agents at Cusuna and the 20th in La Musquitia. We are expecting to meet Willington at Hellen to have a planning meeting about la Musquitia workshop. He can stay at Las Cruzadas in La Ceiba.
