There are several good neurosurgeons at Hospital Mario C. Rivas in San Pedro Sula. We always ask the help of Dra Ena Miller, which I consider the best in Honduras. Her email is emillerhn@yahoo.com, and she does speak English

We do help the pediatric Neurosurgical ward at this same hospital, but if the child is 15 she won't be able to stay there but in an adult ward, but this is up to Dra Miller.

Please let her know your concerns since she will be the best person to give you advise on how to proceed.

Michael Paz runs the Foundation in the USA and Mary Ann Paz runs it in Honduras. I am the Administrative Director whose telephone is in the site you have below.

Thanks and let me know if you need more help. Peggy
