The Inland Coalition is working to advance diversity and education in the health professions, with the Vision of creating a health professional pipeline built/established/realized by nurturing and educating into being ‘our own’ high-quality citizens who serve in both existing and newly emerging roles benefiting the individual, population-level, and economic health of our region.

**NEXUS GROUPS**

High-impact, nimble, sub-regional working groups comprised of K-12 districts, high school health academies, and healthcare industry partners. Members bring their challenges to the monthly meetings and work side-by-side with committed experts and peers to solve their most challenging issues. Each Nexus Group has its own strategic action plan with goals and objectives.

- SB Metro Nexus Group
