

Date: _____

Training Officer: _____

Organization: _____

Address: _____

Attention: RESET Rope Curriculum Committee

Subject: Verification of _____ (name) eligibility for participating in the General Rescuer Challenge.

Dear RESET General Rope Curriculum Committee,

This letter verifies that the above named candidate is eligible to take the General Rescuer Skills Challenge. As a representative of my agency I am verifying that the Candidate has met the following requirements:

- Candidate has **successfully completed** a minimum of a 40-hour technical rescuer course (it is strongly recommended that this training be consistent with NFPA 1006 Chapter 5.) *Copy of certificate is attached.*
- Candidate has read and **knows** the General Rescue Curriculum and General Rescuer Skills Challenge Task Book (found on the RESET website.)
- Candidate has viewed the familiarization videos located on the RESET website

I am confident and can verify that the candidate knows and can perform the RESET General Rescuer Job Performance Requirements (JPR) in accordance with NFPA 1006, chapter 5. Furthermore, I am confident that the candidate is capable of successfully completing the written and skills test. I understand that if the candidate fails any portion of the RESET General Rescuer Challenge he/she will not be refunded any testing fees and will be required to attend a RESET General Rescuer course prior to attending any other RESET Technical Rescue programs.

Finally, I will direct the candidate to arrive with all the training and administrative materials on the day of the General Rescuer Skills Challenge.

Regards,
