UX/UI designer, aspiring front-end developer, and board gaming enthusiast.  
I love researching, design, technology, coffee & cats. Design never ends, it only evolves or changes as needed to continue solving problems. Evolving design leads to innovation.

## WEBMASTER - INDIANA TECH

I design and develop micro websites, digital assets and manage web properties for Indiana Tech.

## WEB DESIGNER - MARKETSHARE PLUS

I lead the design and development of websites and other digital media. I specialize in Wordpress and often build sites from design to code.

## STUDIO MULTIMEDIA CONSULTANT - IPFW

Assisted students and faculty with projects involving, but not limited to, Adobe Illustrator, Photoshop, In Design, Premiere, Encore and Dreamweaver. Other various software: Final Cut Pro, Pro Tools & Garageband. I also provide assistance with conceptualization, demos/orientations and video equipment.

## WEB DESIGN INTERN - SWEETWATER SOUND

Collaborated with the marketing team to create digital banners, web designs, email templates and optimizing product images.
