

Molecular Genetics UNIVERSITY OF TORONTO

M. Sc. Terminal Committee Meeting Report

Committees are to fill out this form only upon completion of all experiments. If a terminal committee meeting was held, but necessary experiments were not completed, a regular committee meeting evaluation form must be completed. Note that committee members can also sign this form up to six weeks after the date of the Terminal Committee meeting should experiments be completed within that timeframe. If experiments take longer than six weeks, another terminal committee meeting must be scheduled by the student upon completion of all experiments. Students are of course free to start writing their thesis before this form is signed by committee members.

To be filled out by student:

Student Name: _____ **Date of Meeting:** _____

Supervisor: _____ **Committee Members:** _____

I understand that no more experiments are to be done until I:

1. Have a complete draft of my thesis approved by my committee; AND
2. Submit a completed "Request to Schedule a Ph.D./M.Sc. Oral Examination" form to the graduate administrator. _____yes _____no

The following courses have been completed:

MMG 1012H	MMG1015Y
Topic 1:	1.
Topic 2:	2.

Student Signature

Maximum Time-line for the Completion of the M.Sc. thesis:

To be filled out by Supervisory Committee:

Student's thesis outline is attached: _____ yes _____ no

The undersigned have approved the thesis format and content for the above student. The undersigned agree that no more experiments are to be done by the student until:

1. The thesis is approved by the committee; AND
2. A completed "Request to Schedule a M.Sc. Oral Examination" form is accepted by the graduate administrator.

It is understood that the student now has permission to write his/her thesis and has no more than **3 months** to complete the above timeline:
