

2018 MINNESOTA FAMILY COUNCIL LEGISLATIVE SCORECARD

Minnesota Family Council tracked and scored legislators' votes in the 2017-2018 biennium on a number of issues affecting Minnesota families to show how they measure up to our pro-family principles. A pro-family vote or piece of legislation affirms our core values of life, family, and religious liberty. In our scorecard, we highlight six votes in the House and five in the Senate which reflect legislators' pro-family or anti-family positions. We then tally the votes by individual legislators and calculate their overall score so you can identify your Family Friendly Legislators and Family Champions.

Family Friendly Legislators are those senators and representatives who have a 100 percent pro-family record on these critical issues.

Family Champions

Seven State Senators and seven State Representatives were identified as Family Champions. These legislators have a 100 percent pro-family voting record, did not miss any scored votes, and also personally championed pro-family legislation. They were either the chief author of key pro-family legislation or offered a pro-family amendment to further pro-family values. Because of these faithful champions, pro-family values had a voice in the statehouse. Their commitment to family values deserves special recognition.

What can you do?

First, we encourage you to review how your legislators voted and contact them. Either thank them for their pro-family votes or ask them why they voted against the family. You can find out who your legislator is and how to contact him or her by going to the legislative district finder at www.mfc.org/elections.

Second, inform others of where your current elected officials stand on the issues by forwarding this 2018 Legislative Scorecard. To find out where candidates for your district stand on issues that are important to you, go to www.mnfamilyvoter.com to view or download a PDF version of our Voter Guide.

Finally, don't forget to pray for all our elected officials. As the Apostle Paul writes in 1 Timothy 2:1, "First of all, then, I urge that entreaties and prayers, petitions and thanksgivings, be made on behalf of all men, for kings and all who are in authority, so that we may lead a tranquil and quiet life in all godliness and dignity." Pray, too, that God would be merciful and provide our state with leaders who meet the biblical criteria of Exodus 18:21, those who are capable, trustworthy, fear God, and hate dishonest gain.
