Our physical offices are closed given the outbreak of COVID-19, but our work continues.

Valued Partners:

In accordance with guidance and recommendations from the Centers for Disease Control and the State of Michigan to mitigate community spread of COVID-19, Opportunity Resource Fund has closed all three of our offices (Detroit, Lansing and Grand Rapids) until further notice.

Our team members are well-equipped and prepared to continue delivery, remotely, of our mission-driven work. We are all accessible via e-mail, phone, and remote meeting technologies, although we have ceased all business-related travel.

Our mission, to support Michigan communities by lending where others cannot or will not, has never been more important. We will do everything we can to minimize disruptions in services and will handle loan closings on a case-by-case basis.

If you are one of our borrowers and are facing a payment difficulty, PLEASE call or e-mail us immediately. We understand these extremely trying times and will work with you in whatever means necessary. We will post on social media and on our website any sources we are made aware of which may help.

If you are a donor or investor, THANK YOU for your continued faith and partnership – our work is needed more now than ever before.

We are working alongside government, community, and philanthropic partners, locally and nationally, to understand and respond to the impact of COVID-19 on the communities we serve and have begun to track resources that may be helpful to those affected.

Please know that your partnership, as well as your personal health and well-being are of paramount importance to us. We encourage you and your loved ones to remain calm and safety minded, as we all walk through these trying times together.

Sincerely,

Christine Coady Narayanan
