### OVERVIEW

WaveMaker Grants provide direct support for artist-centric, artist-driven projects that have a profound impact on the critical, intellectual, and creative depth of Miami's arts community. These projects are non-commercial, non-institutional, stimulate critical thinking and dialogue, and expose audiences to innovative artistic practices typically under-recognized by traditional venues. The very nature of these projects—unpredictable, courageous, and unencumbered by convention—spring from a cultural landscape that is endlessly diverse, nuanced, and equally defined by what is within and beyond its watery borders.

### WAVEMAKER GRANTS FUNDING CATEGORIES:

- **New Work/Projects**, to support the creation and presentation of new work or projects that are artist-driven, artist-centric, and innovative in concept and form.
- **Long-Haul Projects**, in response to Miami's seemingly insatiable appetite for what is

new, fast, and fashionable, this category supports the continuation or completion of existing long-term projects, highlighting the value in the time, focus, and determination required to take on and ultimately finish lengthy artistic pursuits.

- **Research & Development/Implementation**, to support research and development for ambitious new projects that require a longer period of planning. Upon completion of the R & D phase of this category, grantees will be invited to submit a short-form proposal to receive additional funds to implement their projects.

## ELIGIBILITY

Visual artists, curators, creative/arts writers, cultural organizers, collectives, collaboratives, partnerships, and artist-run spaces residing within Miami-Dade County

If applying as a group, the artistic group can be long-standing or created specifically for this project. Please identify one participant to serve as the lead contact for the project.

Non-profit organizations are NOT eligible.

## DESCRIPTION

The WaveMaker Grants program for 2017 will provide grants in the amount of **\$50,00** total in the aforementioned three funding categories.

Whether receiving funds to conduct research or to continue a substantial body of work, all projects must engage or be made accessible to the public in Miami-Dade County via process, presentation, production, or publication. Manifestations may include exhibitions, performances, events, lectures, workshops, screenings, readings, publications, residencies, programming of artist-run-spaces, online projects, etc. Support for curatorial or publication (print or online) projects must be for original projects with significant collaborations with artist(s) in Miami-Dade County and substantially contribute to contemporary art discourse in this area. Projects that connect or engage artists from different communities/areas throughout the County are strongly encouraged.

Grantees will be required to submit a brief report after the completion of their projects.

**Ten percent (10%)** of each grant will be withheld until final reports are submitted and approved.

## PROCESS

Cannonball will assemble an **independent panel** to review and select projects for funding. The panel will consist of two national and two local artists and/or arts professionals with a strong focus and knowledge of contemporary art practices. Panelists will review and deliberate all applications over two days in Miami with oversight and administrative support by Cannonball's Communications and Operations Manager and Artistic Director.

## SELECTION CRITERIA

All grant applications will be evaluated based on the following criteria:

- Artistic excellence, conceptual rigor, and relevance to the local cultural, geographic, and socio-economic context

- Overall vision of the applicant(s)

- Capacity of the applicant(s) to realize the proposed project

- Accessibility of the resulting project to the public

- The project's potential for meaningful impact on the critical, intellectual, and creative depth of Miami's arts community

## GRANTEE RESPONSIBILITY

Grantees will be expected to maintain prompt communications with the Communications and Operations Manager and Artistic Director throughout grant period.

Grantees will be required to submit a brief report after the completion of their projects. Ten percent (10%) of each grant will be withheld until final reports are submitted and approved.

Grantees will be held legally responsible for all events, materials, and outcomes connected with their projects.

## PROJECTS THAT WILL NOT BE FUNDED BY WAVEMAKER GRANTS INCLUDE:

- Those proposed by a 501(c)(3) non-profit organization

Projects in which the lead artist/organizer, or the majority of artists, or the key visual artist are not residents of Miami-Dade County at the time of application

## THE ANDY WARHOL FOUNDATION FOR THE VISUAL ARTS REGIONAL REGRANTING PROGRAM

The Regional Regranting Program aims to support vibrant, under-the-radar artistic activity by partnering with leading cultural institutions in communities across the country. The program allows the Foundation to reach the sizeable population of informal, non-incorporated artist collectives and to support their alternative gathering spaces, publications, websites, events, and other projects. The Foundation plans to expand this program with partner organizations in areas where the level of on-the-ground, self-organized artistic activity is highest.
