Letter of Greeting from Pamela Prince-Eason

Dear Friends:

2010 was a milestone year for the Women’s Business Enterprise National Council (WBENC). We reached the historic level of 10,000 WBENC-Certified WBEs demonstrating that we are indeed the leading advocate for and authority on WBEs as suppliers to the nation’s corporations. We also championed a groundbreaking initiative, The Roadmap to 2020, an exciting collaboration of ten women’s business organizations and 20 companies presenting key strategies for women’s businesses to fuel economic growth and add six million jobs in ten years. Both landmark events were celebrated at WBENC’s 2010 Women in Business National Conference and Business Fair in Baltimore, Maryland.

Hosted by the Women Presidents’ Educational Organization with headquarters in New York, NY and Washington, DC, our Women in Business Conference was a great success, drawing not only the largest attendance to date in WBENC’s history, but also a diverse audience of WBEs from the U.S. and around the world.

This success is a result of the tremendous work of our 239 Corporate Members, 14 Regional Partner Organizations, and WBENC Staff in delivering our COR Values of Certification, Opportunities, and Resources to our growing community of WBENC-Certified WBEs, which reached 10,228 by the end of the year. It also reflects the innovation, drive and competitive advantages that our WBEs bring as suppliers to their corporate partnerships.

We could not accomplish this without the leadership of exceptional women who galvanize the power of our RPOs and our WBEs. I would like to thank Geri Swift for her work as incoming Chair of the Leadership Council representing the heads of our RPOs, and Hollie Dorr, incoming Chair of the Women’s Enterprise Leadership Forum representing our WBEs.

Through their efforts and that of our outstanding Corporate Members, WBENC is The Opportunity Connection for our constituents. On a national level, we continued to enhance the thought leadership, education and business-building events we offered through our expanded 2010 Summit and Salute to Women Business Enterprises and our Women in Business National Conference and Business Fair.

We were proud to recognize the largest group of America’s Top Corporations for WBEs to date – 20 exceptional corporations delivering best practices in supplier diversity and enabling the growth of women’s business enterprises. The Awards ceremony was held at the United States State Department in Washington, DC.

We also recognized individual excellence, awarding the William J. Alcorn Leadership Award to Laura Taylor, Vice President of Global Procurement Strategy and Operations at Pinney Bowes. Named in recognition of the leadership and service of first and past WBENC Chair, the William J. Alcorn Award honors a recipient selected and presented by the Chairman of the WBENC Board of Directors, with input from past Chairs and WBENC Executive Staff.

2010 was a memorable year. Relying on the work of our constituents and by delivering our COR values, we advanced the success of our constituents, strengthened our organization, and contributed to a national strategy for a stronger economy.

Thank you to WBENC’s Staff, Board of Directors, and leadership teams. It is because of you that we have achieved this success together.

With warm regards,

Pamela Prince-Eason

2010 Chair, WBENC Board of Directors

WBENC is dedicated to advancing the success of certified Women’s Business Enterprises (WBEs), Corporate Members, and government agencies in partnership with its Regional Partner Organizations.

Vision:
As the leading advocate for and authority on women-owned businesses as vendors and suppliers to corporations, WBENC builds a stronger economy by creating parity for women business enterprises through its world-class certification and by providing marketplace access.

Core Values:
To support its constituents, WBENC focuses on its core values of certification, opportunities, and resources, while providing prominent recognition to top corpora-tions and WBENC-Certified WBEs.

Who We Are:
• The Women’s Business Enterprise National Council – known as “WBENC” – is the nation’s leading advocate for and authority on WBENC-Certified WBEs as vendors and suppliers to corporations.

• WBENC is recognized as a trusted brand that opens doors of opportunity for WBENC-Certified WBEs through its world-class certification processes; business opportunity- ties created by Corporate Members and other WBENC-Certified WBEs; and resources that include education, scholarships, research findings, and advocacy.

• WBENC brings its Corporate Members and thousands of WBENC-Certified WBEs together with the goal of generating business. We are the Opportunity Connection for women’s businesses and the corporations they serve.

What We Do:
• Since our founding in 1997, WBENC, through its 14 Regional Partner Organizations (RPOs), provides certification to women owned businesses that are at least 51 percent owned, controlled, and operated making WBENC-Certified WBEs eligible as vendors and suppliers to its Corporate Members and government agencies.

• We help connect Corporate Members and WBENC-Certified WBEs to source business contracts.

• WBENC facilitates access to business opportunities through national program and service offerings that include WBENC’s series of face-to-face and online MatchMaker programs, WBENC’s annual Business Fair, formal/informal networking events, media opportunities, and recognition programs.

• WBENC presents two signature events per year: Summit & Salute to Women Business Enterprises and the Women in Business National Conference and Business Fair.

• WBENC has shifted the paradigm of how corporations work with WBENC-Certified WBEs with a business model that eliminates barriers in the marketplace and facilitates business opportunities.

How We Deliver Our “COR” Values:
• Certification: WBENC sets the world-class certification of national certification of women’s business enterprises. Our certification procedure is attaining universal status as the world-class standard of women’s business certification administered throughout the 50 United States, Puerto Rico, and the Virgin Islands by 14 Regional Partner.

• The WBENC certification standard is applied as a model for certification programs abroad starting with WEConnect Canada, WEConnect Europe and WEConnect India.

• Opportunities: WBENC provides sourcing capability reaching thousands of certified WBEs through:

  o WBENCLink, a pass code-protected, searchable Internet database filled with profiles of WBENC-Certified WBEs and Supplier Diversity and procurement professionals.

  o Face-to-face and online MatchMaker programs. Introduced in 2009, MatchMaker365 is an online platform that facilitates one-on-one meetings as a secured online registration, outreach, matchmaking and scheduling.

• WBENC sources Best Practices and development tools for corporations and the WBENC-Certified WBEs that serve them.

• WBENC also serves as a resource to Corporate Members via WBENC’s Balanced Score Card for WBE Process Improvement, a tool that enables corpora-tions to self measure performance in attaining excel-lence in supplier diversity programs; and a number of other training, mentoring, and professional develop-ment opportunities.

In addition, WBENC is also supported by its Leadership Council, represented by the presidents and executive directors of its RPOs, and the Women’s Enterprise Leadership Forum, which is comprised of WBEs appointed by their local RPOs and by Corporate Members to represent WBE issues and interests.

• WBENC provides annual awards and recognition to America’s Top Corporations for Women’s Business Enterprises, 14 Women’s Business Enterprises Stars, annual Awardse, and the William J. Alcorn Leadership Award.
The Opportunity Connection theme is based on one of WBENC’s three core values: Certification, Opportunities, and Resources. This theme re-emphasizes WBENC’s ongoing commitment of connecting major corporations and government entities with Women’s Business Enterprises (WBEs) to identify and negotiate business opportunities.

If you are a WBE, the Women in Business National Conference and Business Fair offers Opportunities to build your business; Opportunities to informally introduce yourself and your company to corporate and government leaders without an appointment; Opportunities to learn about the latest macro and micro trends in healthcare, wellness, and prevention; key global factors to help expand your business globally to diversify your business revenues; and the real world best practices and pitfalls of doing business with federal, state and local government agencies.

If you are a corporate or government representative, there are Opportunities to learn about maximizing your Supplier Diversity Program’s return on investment while increasing your profitability by marketing to women and women-owned businesses; Opportunities to speak to WBEs who can supply you with important new products and services to increase your productivity and profitability; and Opportunities to meet a broad range of WBEs who represent a substantial market for your company’s products and services.

In keeping with its leadership role in advancing the success of both women’s business enterprises and the corporations they serve, WBENC announced its annual list of America’s Top Corporations for Women’s Business Enterprises. The 2010 list was selected in the fourth quarter and they were recognized at a ceremony in Washington, DC on March 23, 2011 at the Women in Military Service for America Memorial in Arlington, VA.

WBENC President and CEO, Linda Denny and Top Corporations Selection Panel Chair, Tara Abraham, Co-CEO, Accent, Inc., presented the awards during this prestigious ceremony.

The Top Corporations application and review process validates supplier diversity best practices of companies that have attained world-class programs that create level playing fields for women’s business enterprises (WBEs) to compete for corporate contracts:

Top Corporations’ programs offer equal access and result in a high volume of business with women’s business enterprises.
On March 25, 2010, WBENC celebrated the Salute to Women’s Business Enterprises held at the Gaylord National Resort and Convention Center in National Harbor, MD. The black-tie dinner and awards program was chaired by LaMae Allen deJongh, U.S. Human Capital & Diversity Managing Director, Accenture LLP.

Designed to recognize the contributions of Women’s Business Enterprises (WBEs) to the U.S. economy, the Salute also recognized 14 WBEs as the 2010 Women’s Business Enterprise Stars. The TUCK-WBENC Executive Program

For the eighth year, WBENC partnered with the Tuck School of Business at Dartmouth to offer a one-week intensive executive education program for WBENC-Certified Women’s Business Enterprises (WBEs). Forty-two participants were taught by top professors from Tuck. Designed to teach women business owners a systematic way of assessing and improving their businesses, the Tuck-WBENC Executive Program provided WBEs with tools to develop and implement strategic initiatives to grow small-to-medium-sized enterprises.

In 2010, Tuck and WBENC held Positioning for Growth, the advanced executive education program.

2010 Tuck-WBENC Executive Program: Positioning for Growth

Weak suppliers are falling by the wayside, presenting the opportunity for high-performing WBEs to serve their customers. Many businesses are for sale at bargain prices, presenting the opportunity to grow quickly to scale. Many other businesses are seeking out partnering relationships to increase their appeal to customers, presenting opportunities to jointly pursue business the WBE might not be able to get working alone. Despite the challenges of the current economy, women business owners who want to step up to increasing their appeal to customers, presenting opportunities for new markets, for potential acquisitions, and for potential partnerships. This advanced program will explore three alternatives for growing to scale:

- Organic Growth
- Strategic Alliance
- Acquisition

The central case study was each WBE’s own business. For their assignment, participants had to develop a strategic growth plan for their own business. This included plans for financing, marketing, innovation, expanding operations, negotiation business deals, shaping collaborative business relationships, valuing businesses that might be acquired—or valuing a participant’s own business if selling out is an attractive option.

The Amos Tuck School of Business Administration at Dartmouth is the nation’s oldest graduate school of business and renowned for the quality of its teaching and the degree to which it fosters collaborative learning, inclusion, and community. It is designed to make a big difference in how owners think about and operate their businesses when they return from the program. Collaborative learning groups apply the tools they have learned to assess and improve their businesses, using the same diagnostic and strategy-implementation approaches that external consultants would use.

The faculty includes some of Tuck’s best teachers—such as Kathleen McGahran, and Len Greenhalgh—all of whom are highly attuned to the needs of high-potential diverse businesses.

Dorothy B. Brothers Executive Scholarship

WBENC suffered a great loss in July 2002 with the passing of Dorothy Brothers, a supplier diversity and development executive and WBENC Board Member. Dorothy Brothers founded the executive education scholarship program in order for women business owners to have access to the same high caliber management education that is available to Fortune 500 companies.

As a tribute to Dorothy’s accomplishments in helping diverse suppliers grow and successfully participate in competitive bid opportunities, WBENC established the Dorothy B. Brothers Executive Scholarship. This program provides diverse executive suppliers with the educational development that will help them grow and successfully compete in corporate supply chains. In 2010, the scholarship amount was increased from $4,500 to up to $11,000. WBENC awarded 21 scholarships in 2010.

The WBENC Ambassador Program is a core initiative structured to enhance the value of Corporate Membership by increasing member satisfaction and involvement. Ambassadors build connections, grow awareness and provide information about WBENC and supplier diversity. They are strong champions of certified women business enterprises, and strive to create opportunities and access to support this important group.

WBENC relies on its Ambassadors to continuously represent the organization throughout their tenure and to educate others about the value of advocacy by sharing success stories and best practices. The Ambassadors are an invaluable resource for Corporate Members, women’s business enterprises, and Regional Partner Organizations.

Specifically, Ambassadors are tasked to:

- Develop and communicate a clear and concise supplier diversity mission statement and vision to support their employees, vendors, customers, and shareholders.
- Generate business leads to diversify corporate spend by leveraging the strength of WBENC, Regional Partner Organizations, Corporate Members, and WBEs.
- Help grow WBENC corporate membership and the number of WBENC-Certified WBEs.
- Utilize tactical plans to increase outreach and opportunities for the benefit of WBENC and its Regional Partner Organizations.
- Improve coordination between WBENC, Regional Partner Organizations, Corporate Members, and WBEs.

To learn more about WBENC’s Ambassador Program and upcoming events, visit www.wbenc.org and click on Corporate Members. If you are a WBENC national Corporate Member interested in becoming an Ambassador, please contact Kim Jones, Manager of Corporate Membership Services at kjones@wbenc.org.

The Women’s Enterprise Leadership Forum drives the success of all WBENC-Certified Women Business Enterprises (WBEs) through education, opportunities and resources. Forum members work closely with WBENC to promote the benefits of certification and to facilitate corporate business opportunities for WBEs, regardless of revenue or employee size, while reaching back into the regional forums to facilitate relevance and value.

WBEs are appointed to the Forum by their certifying Regional Partner Organization or a corporation with which they do business. The Forum has two bodies: the Governing Group and the Forum At-Large. Governing Group members serve on WBENC Board Committees and provide practical information and policy recommendations. Nine members of the Governing Group serve on the WBENC Board of Directors, representing all WBEs.
