

WBENC ENERGY EXECUTIVE PROGRAM

SPONSORSHIP OPPORTUNITIES

The WBENC Energy Executive Program is a week-long, immersive executive education program with topics based in the Energy, Oil and Gas industry to drive development of Women’s Business Enterprise (WBE) leaders within the Energy Industry supply chain. This program focuses on increasing the competitive advantage, capabilities and strategy development of each WBE.

The intensive curriculum for this program includes key topics in Business Strategy, Marketing, Finance, Leadership, and Introduction to Energy as well as an immersive half-day facility tour with hands-on exercises and real life simulations of oilrig and process operations. All executive topics will be based on how they relate to the Energy Industry and will use WBE’s actual business experience in exercises where applicable.

Other program details are as follows:

- Program Dates: October 28 – November 2, 2018
- Participant Goal: 30-60 Participants in 2018
- Curriculum Delivered by: University of Texas, McCombs School of Business
- Location: [Shell Robert Training Center](#) – Multi-use, state-of-the-art training facility that provides training to all companies and is the gulf coast emergency response center for disaster relief. [See video here.](#)
