Grays Harbor County
Request for Proposals

Introduction

Grays Harbor County has issued a Request for Proposals (RFP) to solicit proposals to enter into an agreement to continue existing direct care coordination services for individuals re-entering the community from the county jail. The RFP is intended for applicants with the necessary capacity and experience to successfully deliver behavioral health and social service care coordination to individuals with SUD. Current contractors must provide a renewal request that states interest and capacity, as well as a projected budget. New applicants must submit a narrative response to the questions at the end of this RFP and a new project application.

This project will fund one care coordinator position to support this community-based care coordination to justice-involved individuals at risk of adverse health outcomes. Applicants must demonstrate the ability to provide consistent structure for care coordination efforts without duplicating services.

Because housing is a significant concern for this population, the successful agency will also be expected to demonstrate the ability to connect individuals in this population to appropriate housing.

Objectives and Scope of Work

The awarded contractor will work with the County Jail Medical Team to coordinate care. This work will include but is not limited to:

- Ability to conduct and document client assessment and build client-led service plan from that process
- Establish trusting relationships with the justice-involved target population and referred clients
- Act as a cultural liaison between the Jail, clients and grant coordinator as appropriate; communicate information to client in a culturally appropriate manner
- Work collaboratively with the grant partners to ensure that all client needs are identified and addressed
- Collaborate with Jail Medical Team to identify high-risk clients and assist in the coordination of various wellness and health activities
- Help clients navigate the judicial system as appropriate

Funding Available

Grays Harbor County intends to award compensation for a Care Coordinator to one successful bidder for the period of July 1, 2022 through September 30, 2024 with potential for contract extension* that would subsequently increase maximum award on monthly cost basis as funding allows.

The County reserves the rights to recommend contract amounts less than the maximum budget and to reject any proposal that is non-responsive to this Request for Proposals. This RFP does not obligate the County to pay any costs incurred by respondents in the preparation and submission of their proposal. Furthermore, the RFP does not obligate the County to accept or contract for any expressed or implied services.

Successful applicants will work with Grays Harbor County staff to negotiate formal contracts with specific deliverables, timelines, and outcomes. The County will be responsible for monitoring all recipients of grant funds to ensure alignment with fund requirements and contract deliverables.
