Request for Proposals for “Third Space” Youth Community Facility Development Plan

Introduction

Grays Harbor County has issued a request for proposals (“RFP”) to interested and qualified agencies to develop a collective plan for a “third space” community facility(ies) for youth. A maximum budget of $100,000 is available to fund successful proposal(s) via allocated funding from the County’s 1/10th of 1% Sales Tax (a.k.a. “Treatment Sales Tax”). All contracts for reimbursable expenses must be eligible and have appropriate documentation to substantiate the expense as relevant to RCW 82.14.460.

The County is seeking consulting services to facilitate a community-based planning process that could aid in the strategic planning and development of youth centered facility(ies), programming and services that aligns with the findings of the recent community health improvement plan and behavioral health system gaps analysis and best suits the needs of the youth population age ranging from 13-24. The planning process must consider the range of needs, interests, and current service availability to a variety of sub-populations of youth in Grays Harbor County, siting of facility or facilities, potential services and programming, local community engagement work, fiscal and sustainability planning, and design of integration within county.

This RFP is intended for consultants with the necessary capacity and experience to successfully propose a plan for developing a “third space” community facility(ies) for youth, describe how the proposal best suits Grays Harbor County, specify recommendations for target population age, and address the gaps identified in the community health improvement plan behavioral health system gaps analysis. This RFP opens April 26, 2023, and all proposals are due no later than June 7, 2023, at 4:30 p.m.
Grays Harbor County reserves the right to reject any and all submittals and to waive irregularities and informalities in the submittal and evaluation process. This RFP does not obligate the County to pay any costs incurred by the applicant in the preparation and submission of the applicant’s proposal. Furthermore, the RFP does not obligate the County to accept or contract for any expressed or implied services.

Successful applicants will work with Grays Harbor County staff to negotiate formal agreements with specific deliverables, timelines, and outcomes. The County will be responsible for monitoring all recipients of local funds to ensure alignment with fund requirements and contract deliverables.
