

Evaluation Program

2016 in Review

What does the Evaluation Program do?

Part of our work at Seed Savers Exchange includes documenting varieties from our collection. These evaluations help us learn more about the varieties and crop types. Some of these evaluated varieties go on to be offered in our catalog, while others are made available in our member-to-member seed exchange.

Minor Crop Types - less than 10 varieties per crop type

Onion	Tomatillo	Sunflower	Chicory	Cabbage
Runner bean	Sorghum	Broccoli	Kohlrabi	Corn
Soybean	Peanut	Swiss Chard	Parsley	Parsnip
Chicory	Endive	Celery	Cornsalad	Celeriac
Basil	Orach	Chinese Cabbage
