## JAZZ PICKS

**IVO PERLEMAN: *Ivo* (K2B2 2769)**

Yet another Brazilian jazzman, but this tenor saxist blends his homeland's rhythms with a refreshingly brawny avant sensibility. Most of these are Brazilian children's music, but we're sure Rio's kids have never heard them this skewed. The usual suspects are here (Patitucci & Erskine, Flora & Airtó), but in unusual settings. Sweet and sour and bracing, like a caipirinha.
