SUGARLOAF DISTRICT ATHLETICS

Yesterday our upper grade children attended the Sugarloaf District athletic trials at Edwards Lake Park in Reservoir. The weather held off for us and the day went well for all who attended. Top placed competitors go on to represent our District at the Division Athletics competition next term at Meadowglen Athletics Track on Tuesday 6th October.

FOOTY HOT DOG DRESS UP DAY – FRIDAY 18TH SEPTEMBER

On the last day of this term we will hold our annual footy dress up day with a hot dog lunch. Our older children will manage a series of tabloid sports for children to attempt in mixed teams. Notices have been sent out so please get these back for catering purposes. Thanks to Karina and her helpers for organising the lunch.

BACON AND EGG BREAKFAST

Thanks to our large group of parent helpers and all those people who donated their eggs for our bacon and egg breakfast this morning. The children and parents who attend enjoy these mornings so your help is appreciated.

UNIFORM SALES

We will have our new uniform items on sale for our 2016 preps next year. To help make way for

the new uniform items we will be selling our old monogrammed uniform items at a 50% discount. As stocks are sold out we will replace these items with the new school uniform.

BUNNINGS SAUSAGE SIZZLE ROSTER

Our school has been allocated Saturday 24th October to run a sausage sizzle at the Eltham Bunnings store. These events are a great way to fundraise without having to call on our own school community for funds so we would like to get as many helpers as possible. This year we will be spending the funds to add a new creative playground for our younger children.

We will start at 8:30am and go through until 4pm so please note any times you can help on the tear off slip with today's newsletter. The more volunteers we get the easier it will be to share the workload!

2:30 DISMISSAL FRIDAY 18TH

Parents are reminded that students will be dismissed at 2:30pm, Friday 18th September. After school care is available for those who need it.

Thanks again,
Laurie Murray

From Miss Taylor: If anyone would like to mind Modigliana (the RAT) these holidays, please come and see me.

OSHC News We have received the results of our Quality Assurance assessment. In all the areas which relate to working directly with the children we have exceeded. In all other areas we have met the National Standards. We are very pleased that in our work with the children we have achieved the highest results. Next week Thursday we are going to have a small celebration to celebrate the outcome of the assessment with the children.

Thank you to the McCarthy-Naidoo family for their donation of games and puzzles. The children have enjoyed the challenge of some of the games.

Our cubby is finished and just needs the scramble net now. Lots of creative play has occurred inside the cubby already. Rob also built a new workbench for us. Now we need lots of wood cut-offs for the wood-work to begin.

Just a reminder that we are a not for profit program and the program depends on fees being paid to be able to invest back into the program. If you haven't received your invoice yet, please see me at the program and I look into it for you. Marita

Chess Club in term 4

Chess club this term was well attended and full of the usual level of KG enthusiasm! It is great to see some familiar faces coming back to chess after a short break. If your child is curious about the chess club, encourage them to attend the first session in term 4 as a try-before-you-buy session!

Chess Club will start in week 3 in term 4. Notices will be given out this week.

Moving to Tuesdays

Chess club in term 4 will be shifting from Wednesdays after school to Tuesdays after school. John will continue to be the chess coach. Hopefully this will not impact on your child's ability to continue attending. If you have any issues regarding the change of days or any other chess related matters, please feel free to contact me!

Tournament at KG next Thursday

Don't forget to get your notice in for the tournament at KG next week! It should be a fun day and a good experience for the students. All chess players welcome, whether they are in chess club or not.

⁴ The following is an article provided by the Cybersafety Contact Centre; **Social networking**

Social networking happens on a variety of services like YouTube, MySpace, Facebook and Twitter. These websites allow users to create profiles, communicate with others and form networks of friends. Users can participate in a range of activities including chatting, sharing information and photos and posting comments in forums, blogs or discussion groups.

Different social networking sites have different purposes, including to:

- create communities of friends— MySpace and Bebo
- create and download video content— YouTube and Google Video

share still photos—Facebook and Flickr.

Advice for parents

Where inappropriate information appears on a social networking website, users can contact the website administrator to request that the offensive content is removed.

Social networking sites generally have policies about unacceptable content, restricting content that users are allowed to upload. For example, some sites limit false profiles, content containing nudity or which presents violence. Website administrators generally rely on complaints from users in identifying unacceptable content, though this can be difficult to monitor because large quantities of content are posted every day.

Users can complain to the ACMA about offensive or illegal material including text, photographs or videos. The ACMA may take action if the material meets the criteria for prohibited content.

When making a complaint, users should provide the web address and any log-in details. Log-in details, such as a user name and password, are particularly important as many social networking sites offer users the ability to restrict information to friends or affiliated users.

Complaints about content can be made at www.acma.gov.au/hotline.

Parents can:

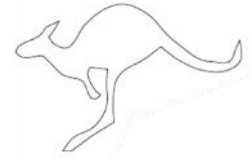

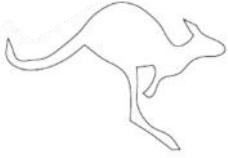

- set house rules about when children can give out or share personal information such as name, address or mobile number
- advise children to set profiles to private so that only people they want to see it can
- encourage children to think before they put anything online. Information posted online can be there indefinitely
- encourage children to be careful when making new friends online— they might not be who they say they are—and never arrange to meet an online friend unless a trusted adult is with them
- report to the ACMA any material suspected of being prohibited
- report abuse or inappropriate content to the website administrator and show children how to do this
- visit the Cybersmart website for more information on social networking

Guess which planet I am!

I have rings

I have 27 moons

I take 84 earth years to
orbit the sun

The answer will be in the
next edition

Fun facts about planets!

A year on Mercury is just
88 days long.

Venus rotates counter-
clockwise unlike the
other planets that ro-
tate clockwise.

The Earth's rotation is
gradually slowing
down.

Mars and Earth have ap-
proximately the same
landmass.

A day on Jupiter is 9
hours and 55 minutes

Saturn has 53 moons.

Uranus has 13 faint
rings.

A year on Neptune is 165
earth years.
