

# Joey's Corner

For this week's Joey's Corner we've decided to do the Olympics

Since the Modern Olympics began in 1896, there have been 26 Summer Olympic Games held in 22 different cities and 22 Winter Olympic Games held in 19 different cities.

The Ancient Olympic Games consisted of only one race, the "stade" race, which was the length of the stadium and between 180 and 240 metres long (we don't know for sure). Over the years more running races and other events were added, including boxing, wrestling, chariot racing, long jump, javelin and discus throwing. It starts on August 5- August 21

Thank you for participation in the K.G Olympics' last Monday.
