

Joey's Corner

This week the topic of Joey's Corner is dinosaurs.

Colour in the dinosaurs

Follow the maze to complete Danny Dinosaur

Fun facts

1. The dinosaurs have been extinct for more than 65 million years
2. Birds descended from types of dinosaurs called theropod
3. 'Tyrannosaurus' comes from the Greek words meaning 'tyrant lizard', while the word 'rex' means 'king' in Latin.
4. The first dinosaur was called the Megalosaurus

How to make dinosaur slippers

Equipment:

Two tissue boxes

Green paint

White paper

Glue/sticky tape

Method

Step 1. Paint the tissue boxes green

Step 2. Cut out six paper arches

Step 3. Glue three paper arches onto the end of one of the tissue boxes then do the same to the other. These will make up the claws.

Now you've yourself a pair of awesome dinosaur slippers.

Tip

To make them softer you can put felt or some type of padding at the bottom of the tissue boxes.
