

Kestrel Program Fee Reduction / Waiver Application

Kestrel is a small non-profit that runs on a very tight budget. However, we deeply believe in doing everything possible to allow our youth to be connected to our local lands. We have a small financial aid fund, and are accepting applications to the fund on a rolling basis. We consider applications on the basis of need, and will respond promptly to your request.

We would also love any help in promoting donations to our scholarship fund to help future students in situations like yours, through family, friends, or Facebook. Here is a link for donating the to the scholarship fund:
