

BREAD POWER

2018 IMPACT REPORT

2018 has been a year of growth, changes, refinement, and power for The Women's Bakery. In addition to launching our flagship bakery in Kigali, Rwanda, we launched two additional bakeries—one in Gicumbi, Rwanda, and one in Namayemba, Uganda.

In total, 52 women are employed throughout our bakery network (see [yellow markers below](#)), and 350,000 pieces of bread were sold to the local communities where the bakeries are located. While our scale is quantified by the number of bakeries we have

launched, our success is qualified by the women who work with us. Women power our bakeries. Women are changing their circumstances. Women fuel our passion. Women are the reason that our model is successful. Women are a worthy investment.

"I have a job and now earn money, which helps me to take good care of my family. This also helps me have respect from my family and my community. The women have shown faith in me when they appointed me to join them and I will not disappoint them in any way."

—Baker from Kigali, Rwanda

"I have so many reasons for why I should keep on working with The Women's Bakery. I see the future in it, and now my family and I are very happy. This happiness comes from the love and encouraging heart that the team has for us. **Thank you.**"
