# Themed Art Classes

## “How Artists See” Elemental Art

### How Artists See – Elemental Art - P3 and P4

**Teacher:** Corrina Rego / Nicole Robinson

Monday: 4:00pm – 5:30pm

Saturday: 11:00am – 12:30pm

Five books from the “How Artists See” series will introduce basic art concepts and techniques, while fostering an appreciation of artistic style. By studying great artists such as Kandinsky, Matisse, Chagall, Seurat and Picasso, students gain an understanding of the unique artistic perspective. These are examples of starting points children can use to interpret that week’s lesson. By posing challenging questions students will be encouraged to form their own opinions and ask their own questions. All along they will create art projects using a wide variety of mediums.

**Term Tuition:** M\$360 / NM \$392 ● 10 spaces each class (10 weeks)

### How Artists See – Elemental Art - P5 and P6

**Teacher:** Corrina Rego

Thursday: 4:00pm – 5:30pm

This course takes the fundamentals of the “How Artists’ See” series and focuses on further developing the students’ skills. Students continue to learn art history and culture based on referring to styles of artists from around the world and are encouraged to experiment with various mediums such as printing, painting and drawing.

**Term Tuition:** M\$360 / NM \$ 392 ● 10 spaces each class

### Middle Years: Artastic!

Wednesday 4:00 - 5:30

For ages 11-14 years this class will use multi-media projects to explore the work of artists from around the world and build on the basic elements of fine art.

**Term Tuition:** M\$360 / NM \$ 392 ● 10 spaces each class (10 weeks)

## Mad Machines

### Mad Machines P1 – P6

**Teacher:** Christopher Johnson

P4- P6:

Thursday: 4:00pm-5:30pm

**Term Tuition:** M\$360 / NM \$392 ● 8 spaces each class (10 weeks)

P1 - P3:

Friday: 4:00pm-5:30pm

**Term Tuition:** M\$324 / NM \$352 ● 8 spaces each class (9 weeks)

Incorporating Science and Art, we introduce children to Simple machines. Devices with few or no moving parts that help make things easier. Students are introduced to the six types of simple machines — the wedge, wheel and axle, lever, inclined plane, screw, and pulley. From mini catapults to finger skateboards, we will explore these concepts through the fun of art and craftsmanship. When completed, children should be able to explain what a simple machine is, as well as identify them in common activities and everyday items.

### Mad Machines Monthly Saturday Workshops 6-8yrs

January 28th 1:00pm – 4:00pm

February 25th 1:00pm – 4:00pm

March 25th 1:00pm – 4:00pm

We are continuing a 3hour workshop that takes place one Saturday of the month. It’s all of the discovery and fun of the Mad Machines classes in a format that allows for building take home projects and plenty of experimental play!

**Term Tuition:** M\$180/ NM \$200 ● 8 spaces each class

## What's New!

### NEW! Hands on Garden & Science

**Teachers:** Alyson Thompson and Christopher Johnson

Learn about the wonders of gardening with a hands-on class to captivate your child's natural curiosity and instill a love of the garden whilst building motor skills and vocabulary. Children will learn to tend their garden plot, sing songs, create nature crafts and harvest and taste their produce. With KAF's signature sensory learning, this class will be full of exploration and discovery.

#### 2-3 Year Olds

Monday 9:00-9:45

Monday 1:45-2:30

Friday 9:00-9:45

#### 4 Year Olds

Tuesday 9:00 - 9:45

Tuesday 2:45 - 3:30

#### Siblings - 2-5 years

Monday 2:45 - 3:30

### NEW! How Gardens Grow

**Teacher:** Alyson Thompson

From planting to harvest, then kitchen to plate, children learn where their food comes from and how to prepare it. Identifying plants by smell, look, feel, and taste allows the children to create and maintain a successful garden whilst learning applied math and science lessons. Throw in some wacky science experiments and fun building projects and this class is sure to instill a love of nature while engaging natural curiosity.

#### P1 - P3

Tuesday 4:00 - 5:30

#### P4-P6

Monday 4:00 - 5:30

**Term Tuition** M \$360 / NM \$392 • 8 Spaces (10 weeks)

### NEW! KAFter School Club – P1 – P4

**Teachers:** Jen Lang, Kelly Smith & Christopher Johnson

Wednesday: 3:30 – 5:30

All of the favourite classes of KAF rolled into an inclusive after school class. Access to different teachers and classrooms as well as the garden provides plenty of opportunities for creative play, exploration and art enrichment in a safe, nurturing environment. The work of various artists and or story books will be used to inspire projects based on the "How Artists See" series and "Mad Machines" will also be available for our curious engineers and builders of the future.

**Term Tuition:** M\$380 / NM \$406 (10 weeks)

### Home School Art/Garden Classes for 4-6 yr olds

**Teachers:** Jennifer Lang / Christopher Johnson / Cheryl Hastings / Alyson Thompson

**Art:** Wednesday: 10:15 – 1:00

**Garden:** 1:00 – 2:00

Our very popular Home School classes are offered again this year. We provide well-rounded art lessons for children who are taught at home. The fall term will offer age appropriate art projects that give students exposure to painting, drawing and sculpture.

**Term Tuition:** Members only \$600 • 14 spaces (10 weeks)

### CREATE A CLASS

Don't see a class that fits your schedule? An idea to keep in mind is our Create A Class option. If you have another time in mind or if you are looking for a different medium and know of other children who would be interested in participating as well, let us know and we can try and set up a class for you.

### PLANNING A CORPORATE EVENT?

KAF can provide activities appropriate for all ages and we love themes!
