FEATURED MEZCALES

1 oz

VAGO ELOTE..... 10
This mezcal is unique to Aquilino García López's family and has traditionally been made for special occasions. Espadín infused with corn grown along side agave fields encapsulates the essence of Mexico.

MARCA NEGRA ESPADIN..... 10
Smoky and spicy with a hint of green sweet pepper on the nose, yet sweet and fruity on the lips—this expression from Marca Negra goes down smooth in spite of the high proof.

LA HERENCIA DE SANCHEZ PONCHE DE FRUTAS..... 20
Made with agave Espadín by mezcalero Romulo Sanchez Parada, this mezcal, inspired by ponche—a warm fruit punch—is infused with guava, hibiscus, and warm spices.

CLANDE SOTOL

Three 1/2 oz pours with Fruit and chamoy..... 23

Unlike tequila and mezcal, sotol is made from a plant called the “desert spoon”. Wild plants grow from Texas to Southern Mexico but the their resulting distillate can only be labeled Sotol if made in the states of Chihuahua, Durango and Coahuila. Clande is a co-op in Chihuahua that bottles different family recipes from around the state. The line includes one release made from plants from the forest, one from the desert, and a third that's an experimental blend of sotol and mezcal called lechuguilla.
