April 16, 2020

Hello Match families,

I hope you and yours are staying healthy and safe as we continue to navigate through these challenging times. I am writing with some additional information about April Vacation. As Ms. Ude mentioned in her communication a few weeks ago, **all Match campuses will observe the previously scheduled April break, 4/20-4/24**. During the vacation we will provide students with two optional learning activities.

1. **Make up work**- Every student will receive correspondence via their Match email from their advisor about what remote learning missing assignments they should prioritize. Each student will receive a customized list based on the recommendations of their teachers. Making up these missing assignments should be students’ first priority. These assignments should be turned in to the content teacher.

2. **Mental and Physical Health Choice Board**- Students will also be sent a choice board with optional activities designed to support students’ mental and physical health. If your student completes these activities they should be turned in to your student’s advisor and will count for extra credit in the class of your student’s choice.

If you are looking for additional educational resources for your students there are several listed on our [COVID-19 school webpage](#). **Remote learning will resume on Monday, April 27th**.

During April vacation week, **Match will not be distributing meals to students and families**. If you or someone you know will need food assistance during this time, please visit the [City of Boston’s website](#) for a list of meal distribution sites around the city and their hours of operation. After the break, we will resume our meal distribution from Match Middle School on Monday, April 27th and Wednesday, April 29th.

Thank you for all you are doing to support your student and our school. We are grateful for your continued partnership. Please reach out to myself or another member of staff if there is anything we can do to support you.

Sincerely,

Dana O’Neal
