**Creating a New Parent Account for PowerSchool Student and Parent Portal**

1. Navigate to [https://match.powerschool.com](https://match.powerschool.com)

2. Click on the “Create Account” tab. Then, Click the blue “Create Account” button.

3. Fill in all the info in the “Create Parent Account” section. Your email address may be used for important notifications and/or account changes. It will also be used to recover/reset your username or password should you ever forget your login information so it is important to use one you check regularly.
4. Fill in the information for at least one student. Your child’s name, then your Web ID and password. You can add more students now or you can choose to do it later. You will need the Web ID and password you were assigned for each of your students in order to add them to your account. You can obtain your Web ID and password from your child’s advisor.

5. You can now log in to PowerSchool with the username and password you set up in the Create Parent Account section. Once logged in, if you have multiple students in the system and have added their accounts to yours, you can switch between them with the name tabs above the Navigation menu on the left side of the screen.

6. To access the Student Account, Navigate to [https://match.powerschool.com](https://match.powerschool.com).

7. On the “Sign In” tab, your child can enter his/her username and password. You can obtain your child’s username and password from your child’s advisor.

8. Click “Sign In” at the bottom.
