G. William Arnett
DDS, FACD

|  

Michael J. Gunson
DDS, MD
Orthodontic and orthognathic surgical treatment quality is extremely variable. How do we obtain consistently excellent results for our patients? This highly acclaimed clinical course teaches excellence and how to achieve it. Protocols are given for all aspects of diagnosis and treatment which enable the practitioner to change his or her practice of orthodontics and orthognathic surgery.

**TOPICS**

- Basic concepts of care
- Obstructive sleep apnea, airway diagnosis and treatment planning
- Model Analysis
- Orthodontic preparation
- Facial analysis and treatment planning
- FAB 2-D and 3D dental, facial, and skeletal treatment planning
- Temporomandibular joint analysis & treatment
- Mandible first surgery
- Case presentations & discussions

*FAB™ Treatment Planning – The face, airway, and bite (FAB™) are inextricably linked in facial skeletal diagnosis and treatment planning. FAB™ represents the composite goal of excellent treatment – simultaneous correction of facial, airway, and bite abnormalities.*
"The course was perfectly organized – all the information was presented in a clear, understandable way. I received much more information that I had ever expected. I do highly recommend this course!"
Dr. Marcin Derwich – Grudziadz, Poland – Orthodontist

"Excellent, comprehensive content, interactive course. Really enjoyed it."
Dr. David Khechoyan – Aurora, Colorado – Oral Maxillofacial Surgeon

“A new concept introduced to me in the most scientific way. Thank you Dr. Arnett and Dr. Gunson.”
Dr. Suresh Kumar Palani – Tamilnadu, India – Oral Maxillofacial Surgeon

“Every orthodontist should attend Arnett – Gunson Course. Their knowledge and skills will benefit patients in my country.”
Dr. Cong Peng – Shenzhen, Guangdong, China – Orthodontist

“A very systematic approach.”
Dr. Nelson Mercado – San Antonio, Puerto Rico – Oral Maxillofacial Surgeon

“Opened my eyes to orienting the CBCT volume.”
Dr. Brain C. Mills – Mountain View, California – General Dentist

“This course defined my philosophy of practice over fifteen years ago and ignited my passion for orthognathic surgery. Attending again, all these years later has been every bit as valuable.”
Dr. R.F. John Holtzen – Hamilton, Montana – Oral Maxillofacial Surgeon

“Should be a requirement for everyone coming out of residency who plans to do orthognathic surgery.”

“I learned practical tips I believe it would help me to be a better surgeon and unify criteria my teamwork with scientific basis and accuracy.”
Dr. Osvaldo Vera Gonzalez - San Lorenzo, Paraguay – Oral Maxillofacial Surgeon

“Definitely the most informative and useful orthognathic surgery course I’ve ever taken, and absolutely worth my trip from China.”
Dr. Zhijian Lu – Wuhan, Hubei Province, China – Orthodontist
REGISTRATION

Please fill in and return the accompanying registration form with payment in order to secure a space for the course. Because seating is limited, we urge you to respond at your earliest convenience. Course confirmation will follow receipt of payment.

California Dental Education Credits: 35 units

NOTE - California dental continuing education units earned may be claimed toward license renewal. However, verification of hours are subject for approval from your local Board of Dental Examiners.

LECTURE SITE

Enjoy a serene retreat and true local experience at Hilton Santa Barbara Beachfront Resort. Set across eight villa-style buildings along California’s Central coastline, the resort has stunning views from every room, casual dining options, large heated outdoor pool, indoor/outdoor event space, and recreation on land and water. Walk to Santa Barbara and enjoy easy access to Highway 101, the airport and Amtrak station.

Guest room rates per night with a standard view:
$259 plus tax

*Reservations must be made by September 13, 2019 to receive the above rate
Dr. Michael J. Gunson graduated from UCLA Dental School and continued on to receive his Medical Degree and Specialty Certificate in Oral and Maxillofacial Surgery from UCLA. Upon completion of his training, Dr. Gunson partnered with Dr. G. William Arnett at the Center for Corrective Jaw Surgery in Santa Barbara, California. Their surgical practice is limited to facial aesthetics and reconstruction.

Dr. Gunson examines and treats thousands of patients with aesthetic, functional, and sleep conditions. Dr. Gunson treatment process enhances his orthognathic and aesthetic surgical techniques which provides patients with improved health and satisfaction.

Dr. Michael J. Gunson lectures throughout the world and publishes his research on orthognathic surgery, facial aesthetics, obstructive sleep apnea and the treatment of TMJ arthritis and condylar resorption. He enjoys sharing this information with colleagues through publications and lectures.

Dr. Arnett graduated with honors from the University of Southern California Dental School in 1972 and completed his oral and maxillofacial surgery residency at the University of California at Los Angeles. He practiced comprehensive oral surgery until 1985 when he limited his practice strictly to facial reconstruction and research.

As a lecturer and clinical instructor, Dr. Arnett trains both orthodontic and surgical residents. He is currently on staff as an Assistant Professor in the department of Orthodontics at Loma Linda University; a Clinical Assistant Professor at University of Southern California; a Senior Lecturer in Oral and Maxillofacial Surgery at University of California at Los Angeles; a Clinical Professor in the Department of Oral and Maxillofacial Surgery at the University of Texas Health Science Center at San Antonio; and a visiting professor at the Universidad del Desarrollo School of Dentistry in Santiago, Chile. Dr. Arnett is a Diplomate of the American Board of Oral and Maxillofacial Surgery and has been honored as a Fellow of the American College of Dentists.

Recognized for his national and international lectures and articles, Dr. Arnett is considered to be pre-eminent in the field of orthognathic surgery. His two-part paper, Facial Keys to Orthodontic Diagnosis and Treatment Planning, received the prestigious B.F. and Helen E. Dewel Clinical Orthodontic Award for paper of the year by the American Association of Orthodontists. He co-authored a book with Dr. Richard McLaughlin titled Facial and Dental Planning for Orthodontists and Oral Surgeons.
WE LOOK FORWARD TO SEEING YOU IN SANTA BARBARA!
