

IQWST Educator Social Media Resources

We are proud to be part of a growing community of thought leaders in science education. These social media platforms were established for IQWST educators to share classroom successes, exchange ideas and ask questions regarding IQWST.

Facebook

Facebook Open Group Page

Dedicated to the collaboration and exchange of ideas for science educators using IQWST.

Page Name

IQWST Educators

Link

<https://www.facebook.com/groups/IQWSTeducators/>

How to Participate

Follow link and JOIN the group. There are no restrictions on posting, so you can start posting, commenting, liking and sharing as soon as you join. You can also invite other IQWST educators to join via email or Facebook messenger.

Comments

This is a new group page that is designed to serve as an open forum for IQWST Educators.

Twitter

Twitter Page

Dedicated to the collaboration and exchange of ideas for science educators using IQWST.
