Composting ABC's Family Education Night

What: Informational session on the basics of composting. Separate sessions for adults and children of all ages.

When: Thursday, April 19th 6:00pm – 7:30pm

Where: Peoria County Farm Bureau Building; 1716 N University St. Peoria, IL

Cost: FREE! Donations to the Ag in the Classroom Program appreciated.

Join the Peoria County Farm Bureau's Agriculture in the Classroom staff to learn all about composting at home or at school.

ADULTS will attend an informational session on how to use a home composter bin to break down household materials into rich, healthy soil.

CHILDREN will be in a different room learning all about composting through storytelling, games and hands-on activities

Both children and adults will leave the workshop knowing exactly why composting is important, what can and cannot be composted and how to use a home composter bin. Adults are welcome to attend either the adult session or the child-focused session.

If you ordered a compost bin you can pick it up after the workshop
