

Seeking Solutions

1. Issue/Challenge:

Define your issue/challenge in 1 sentence:

2. What is the local context of the issue?

Where do you see this issue appearing in your community?

3. Stakeholders!

Stakeholders are people and groups involved with your issue. Who might be most impacted by the issue? List 3-4 stakeholders.

_____	_____
_____	_____

IDEATE: "From ideas to reality"

Objective: Think of RADICAL ways to solve your problem. Make sure you are addressing the *root cause* of your issue. Ask yourself, is this a realistic, sustainable solution? Can the *stakeholders* you listed above help solve the problem?

Local to Global Continuum:

Where does this issue lie on this scale?

Ideas

Sketch 3 solutions to problem. These can be built on ideas already done or your own ideas.

Three large, empty rounded rectangular boxes arranged horizontally, intended for sketching solutions.

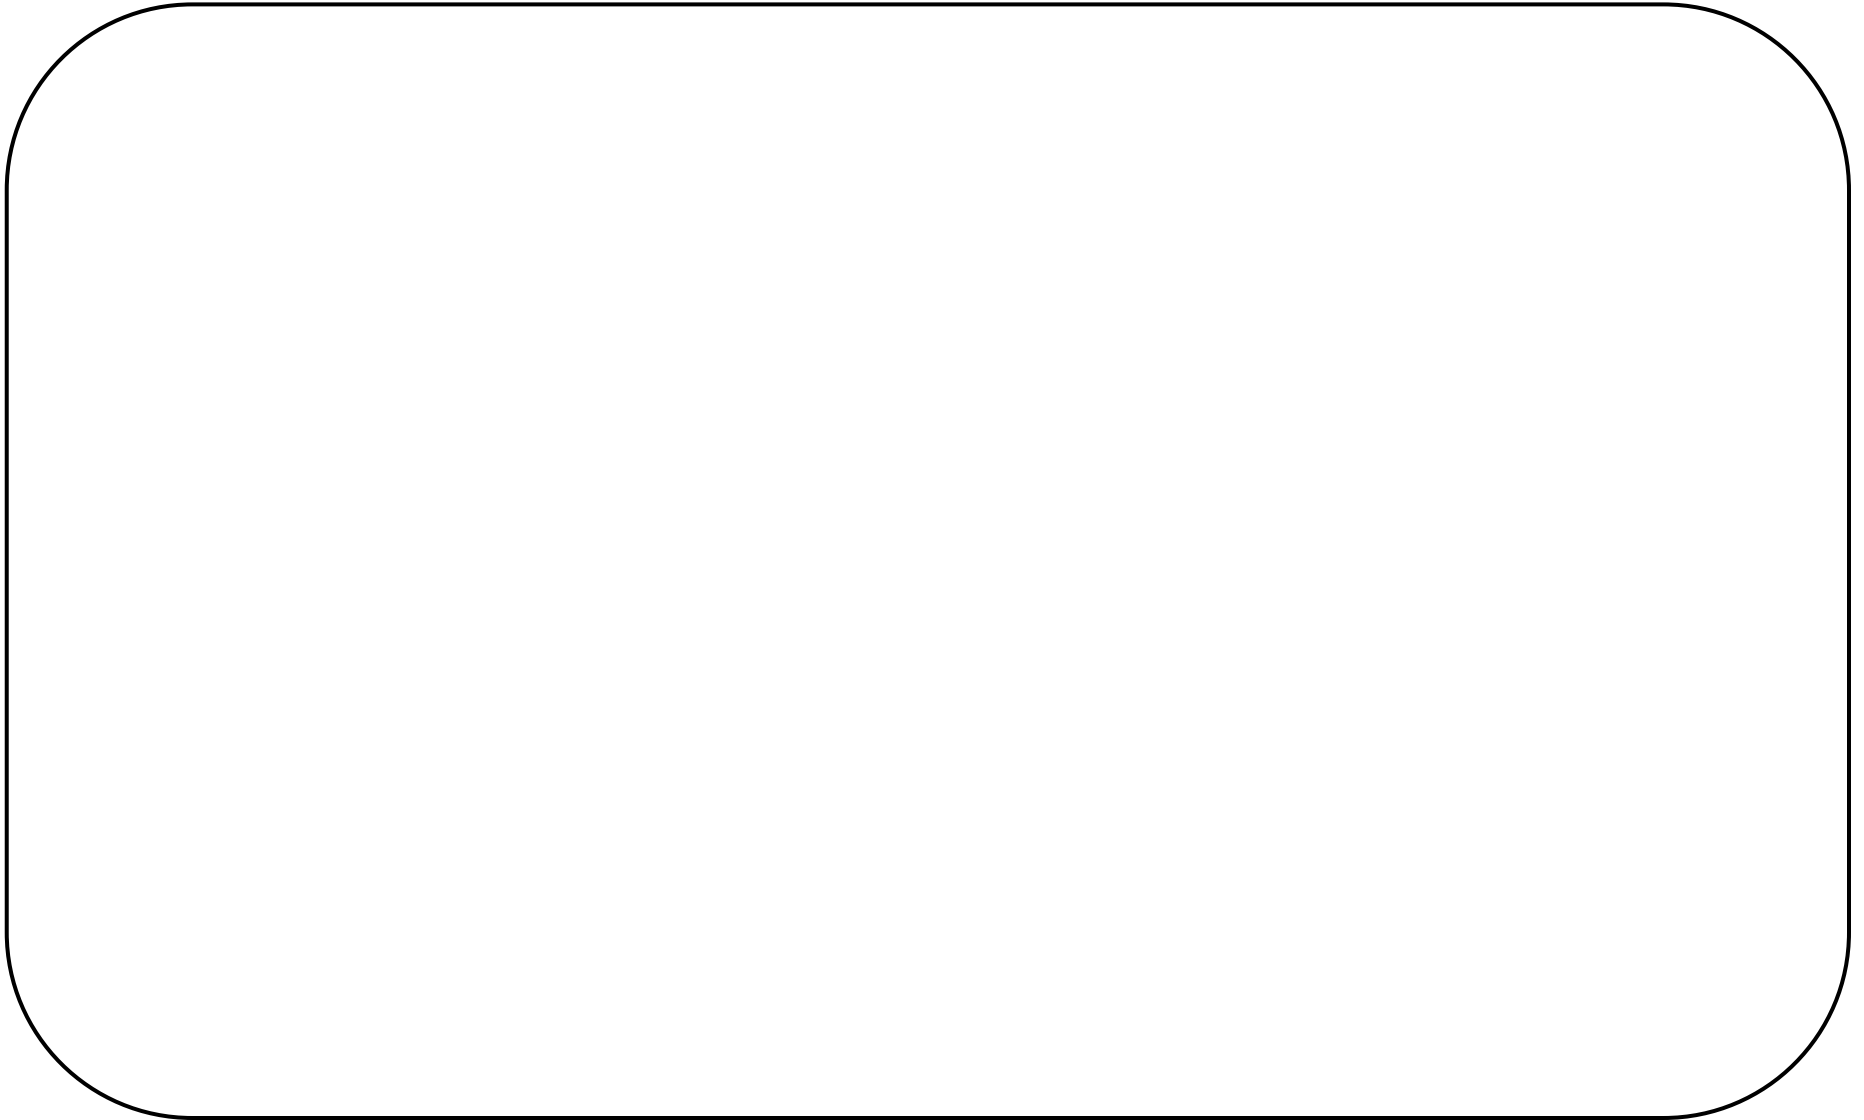

Testing and Feedback from someone from the class. Consider asking someone NOT in your group.

What he/she liked:

Questions they asked:

Reflect

Reflect and sketch your favorite solution here. This can be from either a local solution or a global solution.

A large, empty rounded rectangular box with a black border, intended for sketching and reflecting on a solution. The box is centered on the page and occupies most of the lower half of the document.
