

THIS VALENTINE'S DAY, SHARE YOUR #HEARTTOHEART PEACE PLEDGE

Last year, as part of their work in our World Savvy Classrooms program, students from One World Middle School created a "Heart to Heart Campaign for Peace." Their goal was to promote a discussion around the impact of violence on communities, and encourage people to pledge to work toward peace. To date, more than 3,000 people from around the world have participated and pledged to promote peace in their community.

Inspired by the students at One World Middle School, in the week leading up to Valentine's Day, we're encouraging members of the World Savvy community to share their pledge to promote peace in your community in your social channels using the hashtag #HearttoHeart. We'll share your pledges with the students so they can see how their campaign is inspiring others!

Some of our pledges --

- I'll promote peace in my community by getting to know my neighbors #HearttoHeart #WorldSavvy
- Volunteering at our neighborhood school #HearttoHeart #PromotingPeace #WorldSavvy
- @WorldSavvy Coaching basketball is my way of promoting peace in our town #HearttoHeart
