

Toy Donation Guidelines

Gifts like toys are used to stock the playroom, to celebrate a special occasion, and as a positive distraction during a scary procedure. Thank you for bringing smiles to our patients! For more information or to start planning, visit us at ChampionsLPCH.org/Toys or contact Caitlin Burns at Caitlin.Burns@lpfch.org or 650-498-7633.

For infection control reasons, all items must be brand new.

Gift cards allow Child Life and Creative Arts to purchase custom gifts for unique patient needs.

Monetary donations can be designated to the Fun Fund to purchase toys, games, and art supplies.

Please no cloth or fabric items, food, toy weapons, nor handmade cards or letters for patients.

Donations are distributed to children by hospital staff.

Please do not gift wrap items.
