

HUDSON YACHT & MARINE 哈德森游艇

Announcing the HH55! Plus, new Hudson Yachts
and X80 websites launched!

Dear Friends,

After a hot summer in Xiamen, we are welcoming some cool autumn weather with open arms, and with it another edition of the HYM newsletter. We've just launched a brand new Hudson Yacht & Marine website. Head over to www.hudsonyachtmarine.com to check it out.

Since our previous newsletter we have taken our HH Catamarans brand to 2 boatshows, the Cannes International Yachting Festival in September, as well as the US Sailboat show (Annapolis) at the beginning of October. We showcased our brand new project, the HH55, which is turning a lot of heads. Read on for more details on that project.

HH Catamarans

Hudson Yachts, Morrelli & Melvin, and HH Catamarans are pleased to announce our newest project, the HH55. In keeping with our high level of luxury and performance, this yacht is an all carbon affair. Rig, hulls, and structures all enjoy the superior safety, strength, and weight saving properties that only carbon can offer. Like it's HH66 big brother, the HH55 has the curved "C" daggerboards and T Foil rudders, giving greater performance and a smoother ride in the waves. This is a very fast boat that is truly ocean ready.

The HH66 progress is sailing right along. The hull and bridgedeck moulds have been finished and the first layer of carbon has already been laid onto the outer hulls.

The moulds have exceeded our expectations in terms of quality. Quality tooling means quality boats, and we couldn't be more pleased with how they turned out. We enjoyed an eventful Saturday flipping the 60'x30' hull mould.

Introducing the HH55

HH55 Saloon & Aft deck

Gino Morrelli of Morrelli and Melvin, making a visit to see the current progress.

Flipping the hull/bridgedeck mould.

First layer of carbon going down.

If you want to keep up to date with the build of the HH66 and HH55, we put

daily updates on our Facebook page. Check it out.

HH CATAMARANS

HH42

The HH42 continues to prove itself as a superior designed racing monohull. Boat number 2, Island Fling, was the overall winner in the Audi Hong Kong to Hainan race. In a time of 29hrs 00min and 18sec, they were less 90 minutes behind the TP 52's, making them the overall winner. Big congrats to Paul Winkelmann and his crew for such a great result.

Island Fling

Also wishing fair winds and the best of luck to Philip Coombs and crew of HH42, Simply FUN, as they prepare to compete in the Rolex Sydney Hobart Yacht Race!

HH42

Airplay Trimaran

These trimarans continue to grow in popularity. Boat #6 just shipped to the Australian dealer, Just Multihulls, and will be taking part in the largest multihull regatta in NSW Wangi from the 16th-21st of November.

Airplay Sports Plus #2 is being displayed here in Xiamen China at Wuyuanwan Marina, where it is accessible for us to take out potential Airplay owners.

X80

This month we got our X80 [website](#) up and running. It's dual language, and filled with lots of photos of this boat in action, along with a short [video](#) of it sailing right here in Xiamen. Be sure to head over and check it out.

We now also have a demo boat being kept at Wuyuanwan Marina in Xiamen, that we have been using for guests and potential X80 buyers. If you're in the area and interested in going for a sail, you will want to get out on this boat.

The X80 and our team will be attending Dusseldorf, the world's largest indoor boatshow, in December. Our boat will be fully rigged and ready for guests to step onboard and see the X80 for themselves.

Jaguar Catamarans International

It was a busy summer with Jaguar Catamarans, which has led into a busy Autumn. We attended Cannes Yachting Festival, with the JC48, in September, the Barcelona boatshow in October, and the Fort Lauderdale boatshow at the beginning of November. All shows introduced us to new clients who are interested in this gorgeous catamaran. HYM is soft launching JC48 boat number 2, into our testing pool this month, with a sea trial to happen in mid December.

There is also a growing interest in the JC56, as more and more people learn about this brand. We have been listening to lots of feed back from our clients, and are in the process of building a World Dealer Network to look after our clients needs for both sales and after sales service.

Pearl Motor Yachts

Pearl 75 boat number 2 attended Cannes Yachting festival before being shipped off to her new owner. The boat looked beautiful, with her bronze topsides, sitting next to the 65 on the Pearl stand.

Pearl 75 boat number 3 is coming along here at HYM. Recently the Mann engines and ZF pods were fitted. The boat is on schedule for launch early next year.
