

May-June 2010 Grand Jury Report

During our service on the May-June 2010 Grand Jury, we only saw a glimpse of what goes on in our nation's judicial system. Nonetheless, this has been an eye opening experience of all of the participants on the Grand Jury. We have come to realize that there are certain problems in our community that may be at a high enough level that it is uncomfortable for the general public to discuss - some of which include gang activity, illegal drug use/manufacturing, and theft. The Grand Jury does understand that these problems do not occur in Christian County alone, but they are a small part of a much larger nationwide problem.

By participating in the Grand Jury, we are not only fulfilling a civic duty, but also gaining awareness in the community we live in. To contain the aforementioned problems on a local level, it may be necessary to have more public outreach programs. A perfect example of an outreach program that will raise awareness is Deputy Noisworthy's presentation on gang activity in Christian County. We encourage everyone to see it.

The Grand Jury also had the opportunity to witness the high level of professionalism displayed by the court, all its officers, and general law enforcement in our county. Each and every individual involved in the pursuit of justice in our County should be proud of their service and the way in which they conduct themselves on a daily basis. Efforts like these will be a part of the driving force necessary to suppress some of the community's problems.

The May-June 2010 Grand Jury would also like to thank Commonwealth's Attorney Lynn Pryor and her staff for their efforts in assisting the Grand Jury with legal description questions and making our service as comfortable as possible.

FOREPERSON, MAY-JUNE 2010
