

Grand Jury Report
January-February 2009

We the jurors of the January & February Grand Jury would like to take the opportunity to thank the Commonwealth's Attorney Lynn Pryor, and associates, for giving us the chance to learn more about our court system. We have experienced many different crimes that have come before us, from drugs to child abuse. It was very disturbing to see how many drug cases we have in a small county as Christian County. It was even more disturbing to see innocent children being abused, and wish there were harsher punishments for those that continue to break the laws. Over all we appreciate the opportunity to serve on Grand Jury, and serve our county.

Sincerely,
January-February Grand Jury

Foreperson
