

Christian County Grand Jury Report

July – August 2016

The members of the Grand Jury would like to thank Lynn Pryor, Tara Bozell, Judge Atkins, their associates and staff for guiding us through what at times was a very difficult process for us. We also had the honor of meeting many of the men and women behind the badges of our local law enforcement agencies. Their professionalism and commitment to protecting our community was very evident and made us proud to live in Christian County.

Ms. Pryor's process of providing education to the Grand Jury related to Kentucky law, definitions, and types of criminal charges was inspiring. Somehow she was able to communicate pertinent information to a diverse group of twelve people in a way that each one of us was able to understand what was being asked of us as jurors.

There were tears shed for innocence lost, both ours and some of the victims, but in the end we hope we made a difference simply by showing up. It became very apparent to each of us what a privilege it was to participate in our legal system and that we each have a responsibility to serve when called.
