

NOVEMBER-DECEMBER 2016 GRAND JURY REPORT

We, the members of the Grand Jury November-December 2016, would like to thank Ms. Pryor and her staff for the knowledge and wisdom that they passed to us during our time of serving on the Grand Jury. We gained so much knowledge into how the system works as well as we were able to serve our county to help make it a better place to live. We would also like to thank all people who serve our county every day to make it a better and safer place. They put their lives on the line with every call they respond to and for that we thank you.

We were able to learn about the election process and the hard work that goes into making sure that each and every election that is held in Christian County goes on without problems. It was reported to the Grand Jury that we once again had a successful election, and no issues arose during that time. We do feel that more people who are able need to step up and work the polls, so that more successful elections can be held.

As a Grand Jury we were able to work together and come to a consensus on all the cases that were heard and send in the fairest indictments that we could.

We were happy to be able to serve during this time and hope that we were able to make an impact on the future of Christian County.
