

December 2014

13th – 24th December

“let the darkness be the light, and the stillness the dance”

T.S Elliot

Alvarado Gallery’s third show brings together a host of talented artists, designers and illustrators. This time the theme is Light and is inspired by Alvarado Gallery’s collaborative partnership with Light Eye Mind.

There are over twenty-five different exhibitors showing works ranging from intricately formed pencil drawings to exuberant vinyl collages and entrancing touch screen digital paintings

All the works are for sale and the proceeds from the show help support our 2015 programme of exhibitions and community-linked projects. Alvarado Gallery will continue to work in partnership with Light Eye Mind and will host quarterly graphic arts and illustration exhibition.
