JASC Care Collective & Justice in Aging Collaboration

Share your Home & Community Based Service (HCBS) Story!

The Senior Care Alliance is partnering with our allies at Justice in Aging to uplift senior stories about why home and community based services are vital for seniors to be able to age with dignity. Leading up to Older Americans month, we will be sharing member’s stories on social media, with elected officials, and other allies to continue to grow momentum for the dire need for a new care infrastructure that includes HCBS. We will be collecting written stories of approx ~250 words plus a photo of you (or you and your loved one!). We can help you write your story out step by step!

Questions to consider:

- Share your connection: Why is it important that everyone has access to home and community based services?

Caucus Healing Circles

In this difficult time we invite you to join us monthly for leader-led Caucus Healing Circles.

Healing Circles are part of a rich restorative tradition from Black and Brown communities and promote healing as revolution, challenge the dominant narrative, and encourage mutual aid among participants and the wider community.

Circles provide a space for JASC members to share their stories, resiliency, fears, joys, and grief.

Through healing we find the strength to continue our work as organizers.

Join us for the next JASC Healing Circle!
